Wilkinsons shared their youthful sense of whimsy with passers-by their snow-'person' - the broom makes it questionable whether it could be a man, but the pipe?

For the several families who stay during the winter at Lakewood there are many opportunities for activities such as snowshoeing, skiing and just walking as well as indoor socializing. This season we have enjoyed a book exchange hosted by the Brodhagens for the many bookworms and a fun Super Bowl evening at the Nichols.

# Looking forward to . . . the pleasures of summer - again !

On August 23, 8 Lakewood ladies got together to tour each other's gardens and enjoy snacks and beverages at each stop. It was a beautiful day and everyone enjoyed the opportunity to see their neighbours' handiwork and pick up ideas and tips as well. There is an abundance of creative and beautiful gardens in our community and there's nothing like a garden party to break up the long summer season! While the ladies were wandering the neighbourhood, the men enjoyed darts, tall tales, and beer at Wilkinson's garage.

Our Monday evening horseshoes league ended in August after a gruelling season. A tie-breaker, winner-take-all game had to be played between John Wilkinson and John Nichol to settle on the 2010 Champion. With arms still sore from Lakewood weed trimming, Wilkinson faltered and was unable to match the sound of Nichol's shoes ringing around the post. The trophy was to be celebrated at our annual chilli party.
